WELCOME

We hope this catalog will be a great resource for your home, hotel or real estate needs.

Martha's Vineyard Baskets is gifting company located on Martha's Vineyard. We believe that gift-giving should be simple, creatively led, straightforward and make an impression. Because we care, we do everything from finding unique and special items to packaging them and delivering them directly to your recipients.

We realize that in the current world where it is getting increasingly easy to buy anything, anywhere, it has become more difficult than ever to find genuinely unique products that make gifts unforgettable for guests. It can be overwhelming, especially when choosing the right welcome gifts for guests, gift box, ribbons, a suitable theme to go with the box and when to deliver the gift.
